POOL & SPA TILE

CHOOSE LUXURY. CHOOSE MASTERTILE.

CHOOSE LUXURY. CHOOSE MASTERTILE.

Customize the look and feel of your pool with quality tile and coping from Master Tile. We stock a full range of luxury finishes to give your pool just the shimmer and texture you're looking for. From modern glass tile and durable ceramic to natural stone tile and coping, we import the latest trends and the highest quality from around the world to complement any pool style or design theme. Choose from an endless array of texture and color combinations to create a luxury pool interior that's uniquely you.

PLEASE NOTE:

On all glass tiles, pages 18 through 25, there will be variations in color, shade, texture, and size.

Final selection should be made from actual glass. Consumer should inspect glass before installation.

All glass **MUST** be set with a high-grade, flexible mortar system (Latex modified thinset).

MasterTile

supplies the finest in swimming pool tile, coping, plaster, and decking products. Since our origin in 1998, Master Tile has been a leader in the introduction of new and innovative products for the swimming pool industry. We import waterline tile from premium manufacturers throughout the world. Our coping lines include kiln-fired clay brick as well as imported natural stones.

We have locations in Houston, Dallas, Oklahoma City, New Jersey, Tampa, Anaheim, and Las Vegas. Through our numerous locations and well-stocked inventory, Master Tile is capable of shipping material directly to customers, anywhere in the U.S., on a daily basis.

Our state-of-the-art showrooms offer our customers an opportunity to manipulate and view their tile and coping selections in a way that will allow them to visualize them on a pool. Master Tile also supplies samples to further assist in the selection process.

STAIRS / WALKWAYS

BARBECUES

FOUNTAINS / WATER FEATURES

FIRE PLACES

Natural Stone coping and deck tile are available in a variety of beautiful colors and various sizes of coping and paving tiles. They are ideal for interior as well as exterior uses. As with any natural stone, slight imperfections in color, size, and shape are to be expected. We strongly recommend inspection before installation. Use constitutes acceptance.

All Natural Stones must be sealed. Sealing is an absolute MUST to guard against attack on salt water pools as it will prevent water penetration that can affect the durability of the stone. Water penetration can also damage the material in freezing conditions. Buyer must determine that the product's slip resistance is acceptable for an outdoor application.

CLASSIC TRAVERTINE vs. STANDARD TRAVERTINE & NATURAL STONE PRODUCTS

CLASSIC TRAVERTINE is slightly thinner at 1 ¼" thick. Classic travertine coping offers the elegant look of natural stone at a price level comparable to flagstone as well as brick bullnose coping.

***Freeze-Thaw Warning: Not recommended for climates where severe freeze-thaw cycles are experienced**

NATURAL SLATE - RIVIERA

Example of Riviera Color Range

Natural Slate has a texture and range of color unlike any other natural stone. Slate combines beautifully with other natural materials and is an excellent choice for exterior applications. It is available in a variety of colors and sizes for decking applications. As with any natural stone, expect slight imperfections in size and shape. Wide ranges in color enhance slate's natural beauty, as no two pieces are alike. We strongly recommend inspection before installation. Use constitutes acceptance. Some flaking of slate should be expected after installation. Condition will lessen over time.

Featuring MAS MIX 3 and CHESTNUT BROWN coping

DRY TREAT SEALERS

META CR&ME™ is the next generation impregnating sealer which surpasses all others in performance, durability and protection. It is a one time, low VOC sealer which is the ultimate in environmentally responsible protection for stone, tiles, bricks, paving, concrete and grout.

DRY-TREAT 40SK is an impregnating sealer used to consolidate and strengthen surfaces and repel water. Protects stone surfaces from water penetration and salt damage. Follow application instructions.

DRY TREAT INTENSIFIA is a penetrating and breathable sealer used to enrich and enhance the color of natural stone, pavers and natural stone tile. Follow application instructions.

STAIN-PROOF is an invisible and breathable sealer suitable for all natural stone, pavers and natural stone tile. Guards against surface staining, retains existing color and finish, and guards against salt attack. Ideal for indoor and outdoor use on natural stone decks and pool coping.
