LITHPRO15

HEATING

Reliability, efficiency and a quiet backyard too.

HeatPro®
IN-GROUND HEAT PUMP

Total System: Pumps | Filters | **Heating** | Cleaners | Sanitization | Automation | Lighting | Safety | White Goods

Dependable performance
for a more peaceful pool.
Courtesy of HeatPro.®

LIGHTWEIGHT DESIGN. HEAVYWEIGHT PERFORMANCE.

Don't let cool water temperatures limit your swimming enjoyment. High performance, energy-efficient Hayward® HeatPro® heat pumps quietly and economically maintain your ideal water temperature at all times. They let you start your swim season earlier and end later – all while consuming less energy than gas heaters to lower your operating costs by up to 80 percent.

QUIET TECHNOLOGY

Profiled Fan Blade

Ensures efficient air flow and quiet operation.

Acoustic Compressor Cover

Minimizes sound level.

PERFORMANCE RELIABILITY

Industry's Only Ultra Gold Corrosion-Resistant Evaporator Fin

Provides extreme durability, especially in coastal environments.

Titanium Heat Exchanger

Designed for durability and efficiency to ensure maximum heat transfer and resistance to harsh pool chemicals.

Enhanced titanium heat exchanger technology delivers dependable, high-efficiency performance.

Hayward HeatPro heat pumps incorporate titanium counter-flow heat exchangers for unrivaled and uncompromising performance – even under the harshest conditions. Other premium features include:

- > An Ultra Gold corrosion-resistant evaporator fin for extreme durability, especially in coastal environments
- > Heavy duty, super quiet scroll compressors
- > Durable, injection molded, UV-resistant body panels that are impervious to rust and deterioration
- > Stainless steel hardware
- > A polyethylene screen to protect the evaporator coil and maintain peak efficiency

Plus, Hayward HeatPro heat pumps are lightweight, compact and easy to install and service, making them ideal for new pools or enhancing the one you already have.
